Getting started with Parent accounts

Contents

What is Class Charts for parents?

Depending on how your school has setup our system, you will be able to use Class Charts to keep track of your child's behaviour, view attendance records, access their weekly timetable, view assigned homework tasks, track scheduled detentions, create wellbeing submissions and view announcements from their school.

If you have more than one child, you can access Class Charts information about your children from a single, centralised parent account.

Class Charts for parents can be accessed via our website, or through our iOS and Android apps.
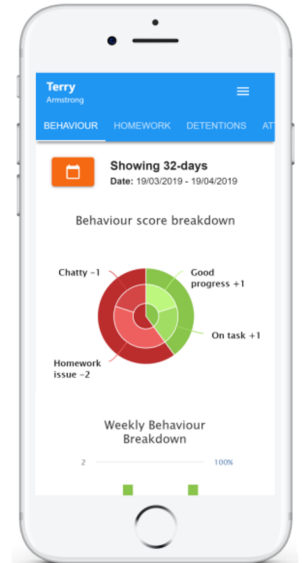

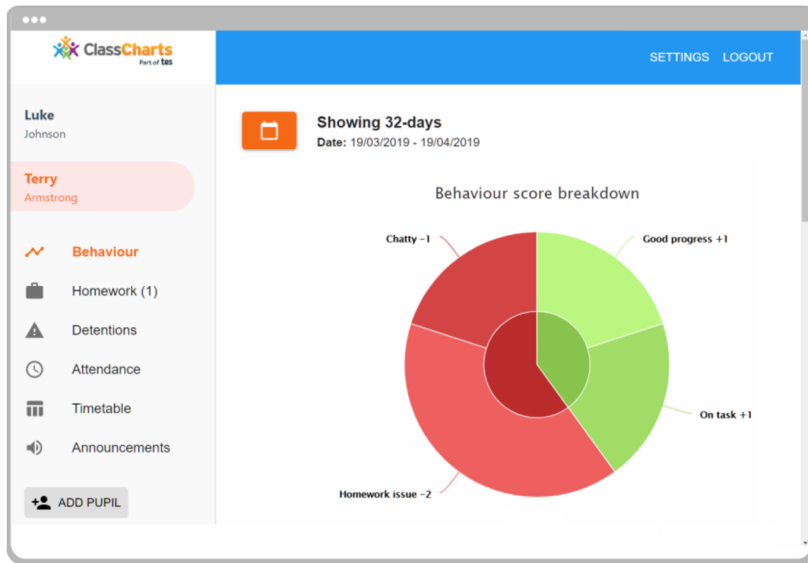

You should have received a Parent code from your school, which will look similar to the example code shown on the right.

This code is used to set up your Class Charts parent account, which is covered on the next page.

Behaviour

If your school has decided to share behaviour information with parents, you will see the Behaviour tab when viewing pupils from that school. Selecting this tab will display multiple graphs which represent an overview of your child's achievement and behaviour data within a customisable timeframe. By default, the displayed date range is 31 days To view a different range of behaviour data, click on the Date button to select from the available presets or create your own custom date range.
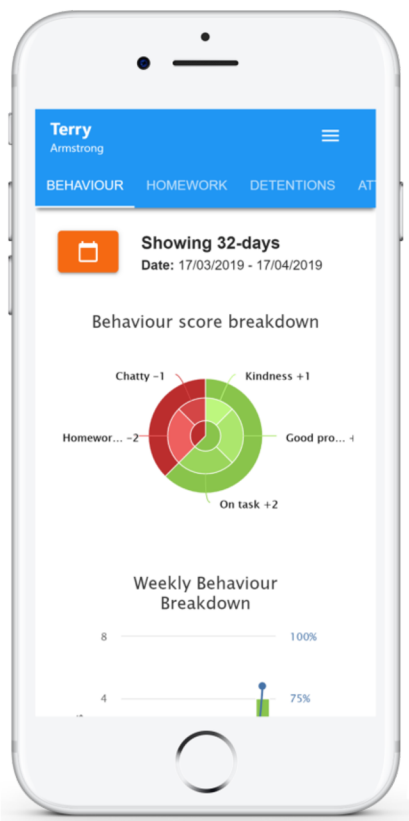

Below these graphs you can find a list of behaviour activity relating to your child. These display the behaviour that was awarded, when it was awarded, who awarded the behaviour, the lesson the behaviour was awarded in, and how many points the award is worth. The level of detail within each behaviour award depends on the settings that your school has enabled.

Homework

If your school has decided to share homework tasks with parents, you will see the Homework tab when viewing pupils from that school.

Selecting this tab will display a list of homework tasks which your child has been assigned to.

To change the date range for displayed homework tasks, click on the Date button to select from the available presets or create your own custom date range.

To display tasks in the order they were set, click on the Issue Date button.

To display tasks in the order they are expected to be handed in, click on the Due date button.

To view a homework task in more detail, click on the expand icon in the bottom right hand corner of the homework tile.

A popup will appear that contains the a description of the homework task, the estimated completion time and any links or attachments that may have been included.

Homework status categories

To-Do: These are homework tasks that have not been ticked as completed by your child and have not been marked by their teacher.

Completed: These are homework tasks that have been ticked as completed by your child but have not been marked by their teacher.

Late: These are homework tasks that have been handed in past the deadline.

Not submitted: These are homework tasks that were not handed in on time.

Submitted: These are homework tasks that have been handed in on time.

Keeping track of homework

As your child is assigned homework tasks, you may want track of how they are progressing for the current week.

The three banners above the homework status categories count the number of homework tasks that are due this week, how many of those tasks your child has completed and how many tasks they still need to complete.

To only see homework tasks that require an attachment submission, tick the checkbox labelled Requires submission.

If you are viewing the Homework tab via a desktop or laptop, expanding a homework status category will display a table overview of each homework task for the selected date range.

Homework attachment submissions

For certain homework tasks, your child may be asked to upload their work as an attachment. If your school has allowed it, you will be able to upload homework attachments on your child's behalf. When viewing a homework task in more detail, you will see the Upload attachment button if your child's teacher is expecting their work to be uploaded. To submit a homework attachment, click on the Upload attachment button and select the files of your choice. Successfully uploaded files will then appear above the button.

If your child's teacher leaves feedback on one of their homework attachments, you will see a Feedback icon appear on the associated homework task.

Restoratives

If your school has decided to share Restorative information with parents, you will see the Restoratives tab when viewing pupils from that school.

Selecting this tab will display a list of restoratives which have been set for your child

Restoratives fall under 4 categories: Attended, Not attended, Pending and Upscaled.

Attended: Your child has sat this restorative.

Not attended: Your child did not sit this restorative.

Pending: This restorative has not been sat yet.

Upscaled: Your child's restorative has been escalated into another type of restorative.

To view more information about a specific restorative, click on the arrow icon. This will bring up a popup that describes the restorative, including the location for the restorative, the awarding teacher and scheduling information.
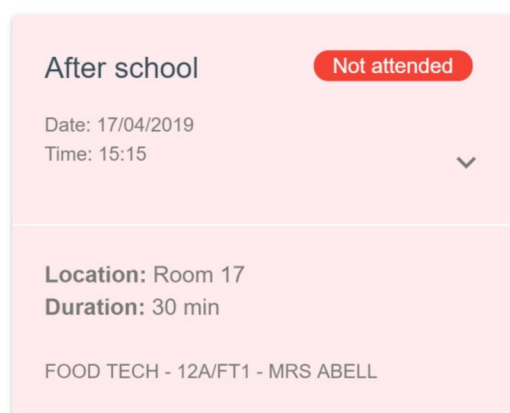

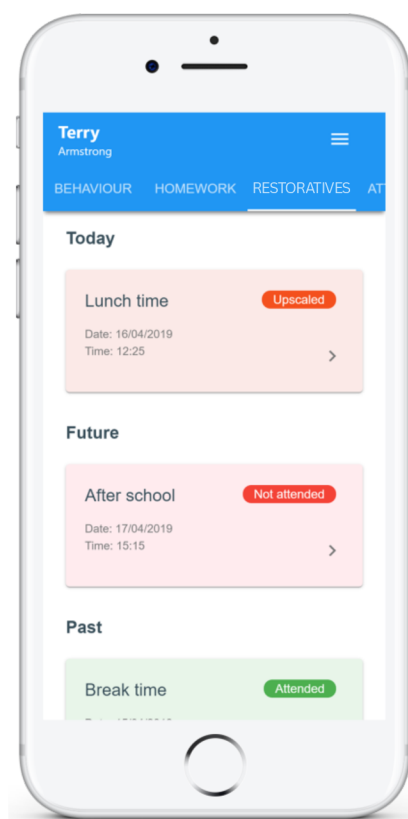

Attendance

If your school has decided to share attendance records with parents, you will see the Attendance tab when viewing pupils from that school.
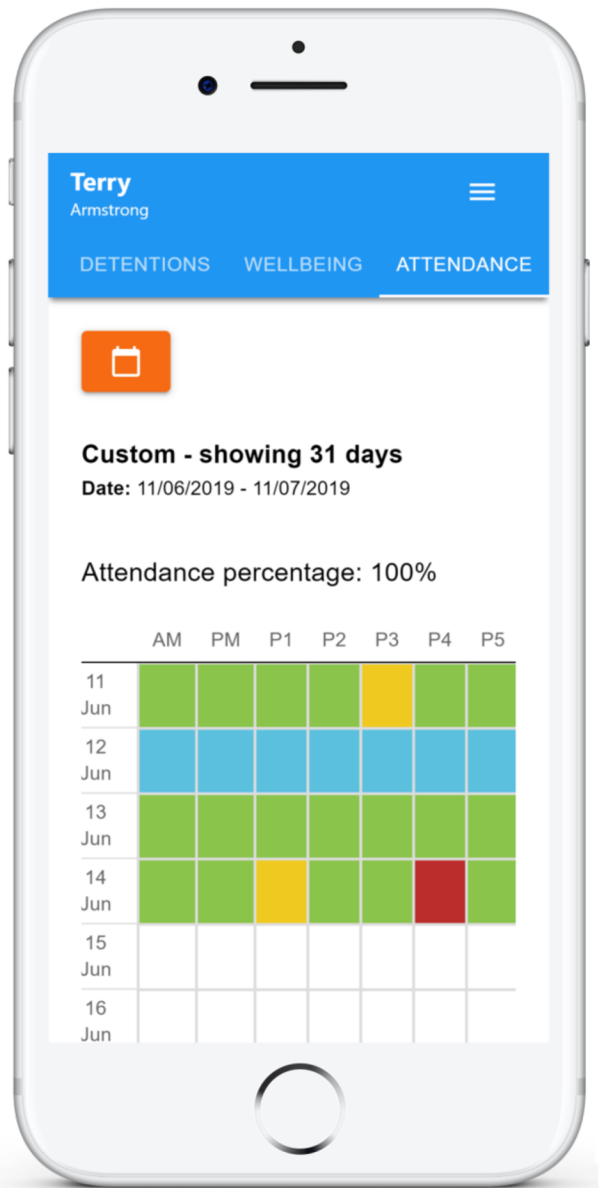

Selecting this tab will present you with a table of your child's attendance data for the past 31 days. To change the displayed timeframe of attendance records, click on the Date button and select the date range of your choice. Attendance records fall under four categories: Present, Late, Authorised absence and Unauthorised absence.

Present: Your child attended the lesson.

Late: Your child was late to the lesson.

Authorised absence: Your child did not attend the lesson, but had a valid reason for doing so.

**Unauthorised absence**: Your child did not attend the lesson and did not have a valid reason to do so.

Timetable

If your school has decided to share timetable data with parents, you will see the Timetable tab when viewing pupils from that school.

Selecting this tab will present you with your child's timetable for the current day. This includes the time of each lesson, the lesson name, the teacher's name and the room where the lesson will take place. Your child's current lesson will be highlighted in blue, as shown on the right. To view timetable data for another day of the week, click on one of the other displayed dates along the top of the timetable.

To change the displayed week, click on the Date button and select a date from the week of your choice.
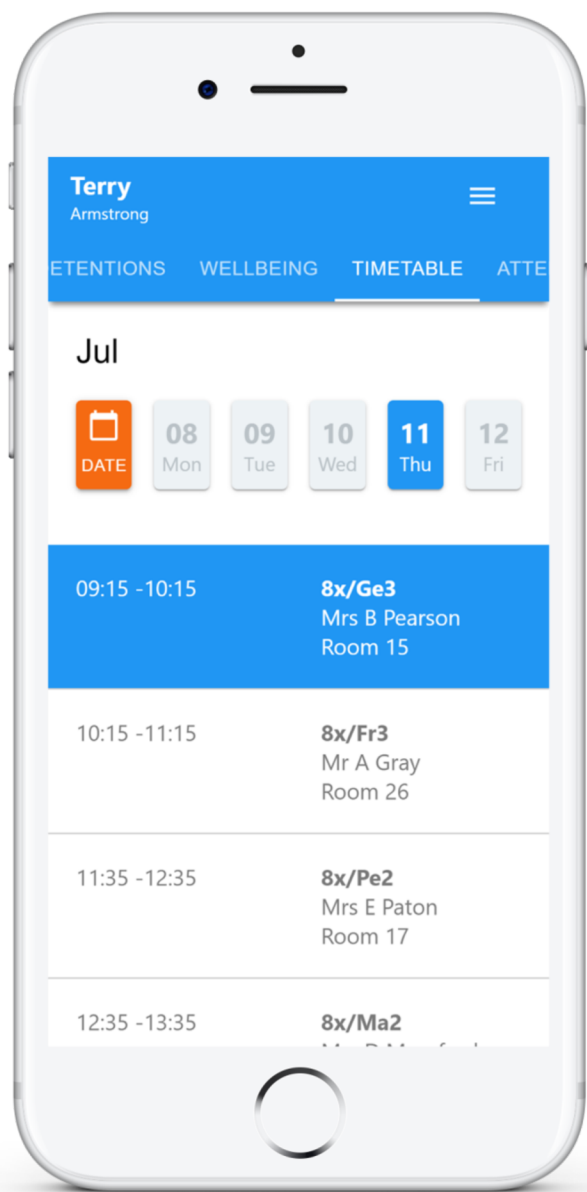

Classes

If your school has decided to share class data with parents, you will see the Classes tab when viewing pupils from that school.

Selecting this tab will present you with a list of your pupil's classes. Each class tile will display the class name, the class teacher, the subject and the room the class takes place in (if applicable). To view the full list of teachers for a specific class, click on the Show all teachers button for the class of your choice.

Account settings

If you're using the desktop view, you can access the account settings menu through the Settings button in the top right hand corner of the page.

If you're using the mobile app, these options can be accessed through the three lines menu in the top right hand corner.

The Change password page allows you to enter a new password for your Class Charts parent account. The new password must be a minimum of 8 characters long, but we also recommend including an uppercase letter, a lowercase letter, a number and a symbol.

The Account details page allows you to change the displayed name on your Class Charts parent account and the email address used to log in and receive notifications. If you no longer wish to use your Class Charts parent account, click on the Delete Account option to permanently delete it. Should you change your mind, you will need to sign up again using the parent code provided to you by your school.
