BOOK
DAY
6 MARCH 2025

World Book Day Big Book Swap!

This year World Book Day falls on **Thursday 6th March** and to celebrate we will be running a Big Book Swap in the library all week. This will be a chance to pick up a new book to read and get rid of any books that you no longer need at home. Maybe you have read a whole series of books and would like to pass them on to someone new, or you

have some books which are gathering dust on your shelf and you think they deserve a new home. All you need to do to take part is to bring in one or more books which you are happy to pass on to someone, we will then add them to our book swap table and you can choose another book to take away. All books need to be in by **Friday 28th February** ready for the book swap to start on Monday 3rd March. Bring all your donations to Mrs Lumber in the Library.

Library Reading Challenge

This term the library reading challenge is all about building your own bookstack. How many books can you read between now and the end of the summer term in July?

We are challenging you to read 12 new books and if you can complete a challenge bookmark you will be rewarded with a challenge pin badge which this term is linked to the theme of space with the idea that reading takes you out of this world and expands your horizons!!!

Tranquil Tuesdays

We have made a good start with our **Tranquil Tuesdays**. Each Tuesday in the library at break and lunch time we have been instilling an atmosphere of quiet and calm, by playing restful music and encouraging students to come in to quietly read or do work. For this quiet moment in the day any students who are unable to follow the quiet rules will be asked to find another place to spend their break times. So if you are wanting to chat to your friends or use up some excess energy remember to find a different place to spend your social times on this day.

Dates to note this term:

National Storytelling week
1st - 4th Feb

Children's mental health week
3rd - 9th Feb

Charles Dickens Day
7th Feb

International Polar Bear day
27th Feb

Recommended Read

This Poison Heart
by Kalynn Bayron

Briseis has a gift. She can grow an apple tree from seed in a heartbeat and flowers bloom at her touch.

And when she inherits an old house, she suddenly has her own rambling grounds to bring back to life, but she also finds she has inherited generations of secrets. In a hidden garden overgrown with the most deadly poisonous plants on earth a dark legacy is waiting for her.

The library is open at break, lunch and after school until 4:30pm Mon - Thurs, 4pm on Friday
