

St Edward's School

Unity - Achievement - Faith

2nd March 2021

Dear Parents and Carers,

Following on from my communication last week, which announced our intention to explain and invite comment on changes to our PSHE policies and practice, particularly surrounding the teaching of relationships and sex education, I am writing to provide further information about how this content will be made available.

In order to provide this information in the most convenient way possible for all parents and carers, a video presentation covering the changes in policy and how this will be applied practically in the delivery of PSHE will be made available online. We hope that, through making this available as a video rather than a live meeting, you will be able to watch at a time convenient for you and will be able to refer back to the content within the video in the future.

[The recording of the presentation is available here.](#)

Should you have any questions arising from the information covered within the presentation please feel free to direct them towards myself through email at slee@st-edwards.poole.sch.uk. In order to ensure that we can consider responses, and make adjustments where possible, we will end our consultation period in two weeks' time on March 16th.

I hope you find the presentation useful and informative, and thank you for your continued support for the teaching of PSHE within the school.

Yours sincerely,
Mr S Lee
PSHE Coordinator
